Public Hearing – Fines & Fee Schedule

Mayor Bourne called the July 9, 2025, Public Hearing for the Fines & Fee Schedule to order. Treasurer Tiffanie Smith reported on the fines and fee schedule, noting that municipalities are required to maintain an up-to-date schedule. She expressed concern that the city lacks a current fee schedule, leading to reduced efficiency and a loss of revenue. She reported that she has thoroughly reviewed this fee schedule with the City Planner, City Building Inspector, and City Attorney, who all agreed and justified the schedule. Council Member Munns inquired about the Emergency Management Services to be included on the schedule and noted that he would like to see this added and review it again. A discussion ensued.

Mayor Bourne opened the meeting up for public comments and discussion.

Richard Owen expressed his frustration with the council for going back and forth over the fee schedule and to come back when they're ready to have a public hearing. He expressed that the city truly needs this in place, and he appreciated Tiffanie for doing such an outstanding job researching all of this.

Linda King reported that the fee schedule proposed for a water connection is very cheap compared to what she had to pay for North Riverside water. She also expressed her appreciation to Tiffanie for all of her dedication and hard work researching all of this information.

Mayor Bourne closed the Fines and Fee Schedule Public Hearing.

Public Hearing – Mayor & Council Members Compensation

Mayor Bourne called the July 9, 2025, Mayor & Council Members Compensation to order. She reported that the proposed ordinance, O-25-03, would increase the Mayor and Council Members' compensation in response to the elimination of free water overages for former and current city employees, except for those grandfathered in to retain the benefit. She noted that the current benefit has become costly to the city, with concerns that some may be abusing it, while others receive no real advantage because they don't exceed their water allotment. A discussion ensued.
